Stalling Request Form

For strings comprised of multiple exhibitors, a completed stalling request form should be completed. This will assist show staff when making stalling assignments and during show check-in. A string is defined as: By consent of all owners, animals are interspersed within a row that must share tack, feed, bedding, clipping space and crew.

****Review Barn Space rules on page 23 of the Premium Book**

The stalling committee may not be able to honor all stalling requests due to size of the string.

Submit one form per string of animals and should be submitted by the person in charge of the string.
